Part 1
eircom Value Multi-Line Voice Facility

The company may provide a facility, in this Scheme referred to as "**eircom Value Multi-Line Voice Plan Facility**" to telephone customers generally or to such groups of telephone customers as it shall determine whereby a telephone customer connected to the fixed line network may, on payment of a Charge, avail of a tariff scheme entitling them to certain Benefits and Features.

- 1.** The Customer hereby agrees to avail of the Facility, subject to the provisions of the Telecommunications Scheme in force for the time being (together hereinafter referred to as "the Regulations"). Use of the Facility by the Customer shall be deemed to be an acceptance by the Customer of these terms and conditions.

- 2.** The Customer shall, without prejudice to the Customer's right to terminate this Agreement under due notice, pay on demand such Charges as may be fixed from time to time by, or in accordance with, the Regulations in respect of the Facility.

- 3.** The Charge shall be applied in the following manner:
 - 3.1** A subscription fee shall be raised which provides for a fixed amount of Call Minutes applicable to the package.

 - 3.2** Once the Customer has exhausted the Call Minutes applicable to the package, call minutes in excess thereof shall thereafter be charged at eircom peak base rates as set out in Part 15.8 of Section 1 of the Telecommunications Scheme, such peak base rates to apply at all times including evenings and weekends. Call charges are on a per-minute basis, and all charges are rounded up to the nearest whole minute.

 - 3.3** In the event of Call Minutes not being exhausted by a Customer in a Billing Cycle, any unused Call Minutes shall not be carried forward to the Customer's next Billing Cycle and will be deemed to have been forfeited by the customer.

4. It shall be a condition of the application of the Facility that Customers availing of this Facility shall not be entitled to avail of any other discount facility, which may be available in respect of eligible Value Business Plan Calls or any other Calls in respect of which the Customer avails of reduced rates as part of this Facility.
5. The Facility shall not include Line Rental as part of the subscription fee.
6. The Facility will be implemented on the Customer's account as soon as possible after a sufficient period is allowed to set-up the Customer. Once implemented all calls made by the Customer in the Billing Cycle in which the Customer commences to avail of the Facility shall, where eligible to avail of the Facility, be charged for at the rates provided for in the Facility.
7. This Agreement is terminable by the Customer giving notice to the Company. On termination of this Agreement by either party, all associated features of the Facility shall no longer apply to the Customer's account. Where the Facility is terminated by the Customer in a Billing Cycle all calls charged for in that Billing Cycle in which the Facility is terminated by the Customer shall be charged for at standard rates.
8. These terms and conditions together with the current eircom **Value Multi-Line Voice** call charges (Part 15.8 of Section 1 of the Telecommunications Scheme), constitute the entire agreement between the parties in relation to the Facility.
9. The Customer shall be given relevant notice of any amendment to the Facility.
10. This Agreement is governed by the laws of Ireland.
